Members Evenings

There are three Members Evenings in this year's programme, the first of which is on October 5th. Six images with the theme "My Summer", so time to start going through all those images that you have been taking over the summer break!

The other two Members Evenings are six pictures of anything beginning with the letter "F" and finally six images on "Master the Art of Abstract"

Over the coming weeks try and look for suitable images that are different

This months pictures are by Janet Oxenham and were taken in the markets in Aix en Provence and Nice.

Collectors Item Maybe?

If anyone is interested in an old Ultima Light Meter found when clearing out a loft and which seems to be in working order, please let me know

See you all on Monday 7th September
