We have two committee members standing down this year, so we do need some volunteers. If anyone would like to join the committee, then please speak to Andy asap.

Nik Software

Nik software previously owned by Google has now been taken over by software company DXO. It is currently available from DXO as a free download for the full image enhancement collection eg. Silver Fx Pro, Colour Fx Pro, Viveza, HDR, Sharpener, Define etc. However Nik are in the process of updating all of this software as it has been unsupported by Google for a couple of years, so when it is launched, there may be a charge. Get it free while you can!
