#### 25th January

**Andrew Marker FRPS** with his  
 talk entitled "This Beautiful  
 World - part 2"

### Panel of five

Many of us had a go at creating an effect with an arrangement of five photos in the end of the year pentptych project last June a number of us joined the (literally) hundreds in the audience for the judging of the Kingswood Salver last month, where the judge, Leigh Woolford, gave an inspiring appreciation of stunning efforts that can be achieved by a panel of five images. Yo can see the winning panels for this year and the previous years at Kingswood Salver 2020 - Western Counties Photographic Federation

With panels in mind we have invited Mike Martin to visit us in February to give us advice and tips on the creation and arrangement of panels. Later in the year there will be an evening when members of the club will have the opportunity to display their own panels, either individually or as part of a team. And who knows, perhaps Thornbury will be entering their own panel for the Kingswood Salver.

**Changes to the Committee in April 21**

Further to the email from Rose after the last meeting of the year, please remember to give some thought as to how you could help the club either by putting yourself forward for committee, or doing a role that doesn't necessarily require you to be a committee member.

**Other news**

**If you want to know more about Mike Martin who will be showing us the tips and tricks for doing panels, you can log into his website at :[www.mikemartinphotography.co.uk](http://www.mikemartinphotography.co.uk)**

\*\*\*\*\*

**We have just been advised that Turnberries have closed the community centre until the end of January 2021. Therefore Thornbury Camera Club will continue to meet on zoom until further notice. The committee will review the situation at the end of January.**

**This edition's pictures are by Martin Nimmo .**
